FINANCIAL AND COMMERCIAL.

MONEY AND STOCKS.

New York Financial Market. NEW YORK, May 22.-Money-On;call easy at 11/2

Prime Mercantile Paper-4@5 per cent.

Foreign Exchange-Unchanged. The total sales of stock to-day were 151,493 abares, including Delaware, Lackawanna and Western, 24,275; Lake Shore, 12,550; Louisville and Nashville, 7,500; New York Central, 18,000; New Jersey Central, 4,500; Pacific Mail, 12,800; St. Paul, 8,650, and Union Pacific, 3),575.

Government bonds have been quiet and steady, except an advance of 1/2 in the registered 41/2 per cents. There were sales of 4s registered at 121%. State bonds are quiet and steady, except a decline in the quotations for some of the Michigan and Tennessee issues of 1 to 2%, and an equal advance in some of the Alabama and Arkansas issues. There were sales of Louisiana consols.

ex-matured coupons, at 65. This has been another quiet day at the Stock Exchange, the total sales of stocks amounting to only 157,458 shares, which is an increase of about 19,000 shares over yesterday. With only a slight reaction, however, the market has been strong all day, and closed with a gain for the active list of from ½ to % per cent. Of to-day's business 55 per cent. consisted of trading in Lackawanns, New York Central and Union Pacific, which were also prominent for the advances made. Lake Shore was decidedly strong, selling late in the afternoon up to 53 but closing 3/2 lower.

Vice President Huntington, of the Central Pacific, and President Housian of Pacific Mail, held

a long conference lo-day, the r sult of which was that the Pacific Mail accepts from the Union and Central Pacific Companies the subsidy of \$85,000 per month without rebate. It is provided that after the agreement has run for max months it can be discontinued on thirty days' notice by either party to the continued of the differences between them, and has added materially to the strength that has been displayed for the past two or three days in Pacific Mail and Union Pacific. The strength of the marset late this afternoon was due in some measure to reports that were circulated to the effect that Eastern trunk lines had come to an agreement, and that rates were to be restored at once. It is claimed by some of the most earnest advocates of an immediate restoration of rates, that there is considerable feeling among the English holders of the Vanderbilt securities against the prolonged rate war. They insist now that there is nothing to justify the cutting of rates. Leading bull operators claim that a settlement of the railroad war would go far toward bringing the public back into Wall street, as well in restoring confidence in business generally.

Railway bonds continue active, and prominent commission houses report a steady investment demand. There was heavy speculative trading also to day in Eric seconds new, and considerable business of the same kind in West Shore firsts and M. K. and T. 5's. Prices in the forenoon were heavy, but rallied later in the day, and closed in a majority of cases at some advance over the previous sales. The total transactions amounted to \$1,766,000, of which Erie seconds contributed \$815,oco. The bonds last mentioned were steady in the forencen at 49 and a fraction, rose in the alternoon to 50%, and closed at 50%, a gain of 1% per cent. West Shore firsts are up % per cent. at 30%

[Special to J. A. McKee, Grain and Provision Broker, No. 21 Board of Trade.] CHICAGO, Ill., May 22.-The leading feature in to-day's markets has been supreme dullness. Cables were quiet and unchanged. Consols steady. Weather brilliant. New York merchants have been sending bearish dispatches to-day but values have been steadily held within a narrow range with very little trading. Market for wheat acts tired sgain. Eastern speculators who hold considerable long interest in the market have been accredited with a desire to unload. Local operators here are waiting for the decline which they insist must come before we can get any advance. Closing weak. July wheat, 915 c. Corn lower and weak. An increased receipt of both wheat and corn is predicted by receivers.

Produce Markets. CHICAGO, May 22 .- Very few features of interest developed in trading on 'Change to day. Fluctuntions were generally confined to a very narrow range, particularly in wheat, but the prevailing tendency in cereals was downward, and they all closed somewhat under the latest figures of yesterday, Short interest, it is claimed, was held in cash, through fear of another breaking out of the receipts of corn were considerably larger, and a quiet and easy feeling prevailed in speculative markets. The shipping demand was light, and foreign advices quoted inactive markets. The market fell off %c, and closed %c under yesterday. Oats ruled weak and 146 %c lower under pressure of large receipts and light demand. In provisions there was very little doing, and prices showed no material change. Flour-Very dull prices unchanged. Rheumatism often renders its victim entirely helpless, and in such cases restoration to health and vigor is like bringing the dead to life. Athlopheros has proved its efficacy in the most stubborn cases of this disease D. L. Southard, of Greencastle, Ind., says: "When Bishop Bowman brought me the medicine from you I was nearly helpless. had grown worse for six weeks under, as I

thought, good treatment, until I could not move without great pain and great trouble. and nearly all the time had to be helped. I commenced the medicine at 9 a. m. Thursday. At 9 p. m. went to sleep and slept till 1 o'clock. Then awoke and went to sleep again until 6 a. m. I got up and said to my wife: 'Dear me! Look here! I am well!'
